PROFESSIONAL PROFILE

Healthcare financial software and business systems professional with experience in financial reporting applications, access controls, SQL databases, system support and operational finance automation.

CORE SKILLS

Healthcare financial data • C#/ASP.NET • SQL • Application support • Salesforce • RBAC • Reporting • Reconciliation • Workflow automation

PROFESSIONAL EXPERIENCE

RAINIER RAPID LLC | Finance Manager | Dec 2025–Present

- Designed and developed an operational management system integrating Access databases, PowerShell imports, and KPI calculations; continue developing and validating analytics dashboards for managers and ownership.
- Designed fully burdened labor-cost and route profitability models and a rolling 13-week cash-flow forecast to support staffing and financial decisions.
- Designed and implemented centralized reporting, standardized KPI definitions and calculations across six managers, and eliminated fragmented reporting spreadsheets; reduced personal reporting work from approximately 20 to 2 hours weekly (90%).
- Recovered more than $85,000 through payment disputes and reimbursements; identified $3,750 in recurring monthly vendor savings ($45,000 annualized).
- Directed AI-assisted software development by defining requirements, validating outputs, testing workflows, and troubleshooting production issues.

HEALTH FINANCIAL SYSTEMS | Software Developer | Feb 2010–Feb 2015

- Developed and maintained healthcare financial reporting software using C#, ASP.NET, Delphi, VBA, SQL Server, and MySQL.
- Developed database-backed authentication and role-based customer access controls for an ASP.NET/C# healthcare financial reporting platform.
- Created reusable imports and data-validation workflows for large healthcare financial datasets; optimized SQL queries to improve immediate report availability by approximately 50%.
- Modified Salesforce data structures, queries, code, and customer account/permission functionality; supported application administration.
- Performed database changes, stored procedure development, testing, troubleshooting, and production support.

NORTHWEST GROWN PRODUCTS LLC | Head Grower | Approx. 2019–Aug 2022

- Supervised approximately five employees; coordinated staffing, production planning, inventory, procedures and quality-control improvements.

VISITING ANGELS | Home Care Aide (Part-Time) | 2022–Present

- Provide individualized client support and coordinate with families and care teams.
