PROFESSIONAL PROFILE

Healthcare financial software and business systems professional with experience in financial reporting applications, access controls, SQL databases, system support and operational finance automation.

CORE SKILLS

Healthcare financial data • C#/ASP.NET • SQL • Application support • Salesforce • RBAC • Reporting • Reconciliation • Workflow automation

PROFESSIONAL EXPERIENCE

RAINIER RAPID LLC | Finance Manager | Dec 2025–Present

- Designed and developed an operational management system integrating Access databases, PowerShell imports, and KPI calculations; continue developing and validating analytics dashboards for managers and ownership.
- Designed fully burdened labor-cost and route profitability models and a rolling 13-week cash-flow forecast to support staffing and financial decisions.
- Designed and implemented centralized reporting, standardized KPI definitions and calculations across six managers, and eliminated fragmented reporting spreadsheets; reduced personal reporting work from approximately 20 to 2 hours weekly (90%).
- Recovered more than $85,000 through payment disputes and reimbursements; identified $3,750 in recurring monthly vendor savings ($45,000 annualized).
- Directed AI-assisted software development by defining requirements, validating outputs, testing workflows, and troubleshooting production issues.

Health Financial Systems | Software Developer | Approx. 2010/2011 - February 2015

- One of two HCRIS developers under the lead programmer; developed C#/ASP.NET backend report generation, historical searches and downloads.
- Implemented selected Medicare financial calculations from provided specifications; validated outputs against expected results and sample reports.
- Integrated Excel VBA with Delphi components through a DLL for bidirectional data exchange, calculation execution and validation that blocked invalid imports without opening the desktop UI. Partnered with CEO Becky Dolin to jointly define Excel/API integration requirements from customer feedback; implemented and iteratively refined the tool with her until it met customer needs.
- Optimized SQL queries and databases, increasing the number of reports available for immediate download by approximately 50%.
- Built large-scale scheduled and manual imports using C#, SQL, Delphi and VBA, with validation, logging and failure notifications.

NORTHWEST GROWN PRODUCTS LLC | Head Grower | Approx. 2019–Aug 2022

- Supervised approximately five employees; coordinated staffing, production planning, inventory, procedures and quality-control improvements.

VISITING ANGELS | Home Care Aide (Part-Time) | 2022–Present

- Provide individualized client support and coordinate with families and care teams.

EDUCATION & PROFESSIONAL DEVELOPMENT
